## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **1. Industry structure and developments**

The recently passed Real Estate (Regulation & Development) Act, 2016, is set to impact Real Estate Industry. The new Act will be effective in bringing transparency and accountability in the real estate sector, thus increasing consumer confidence and benefiting the sector as a whole. It would be a foundation for this sector for many years to come. With the changing skylines in many cities, it takes within its ambit many factors, including development and redevelopment, thus paving the way for a smooth road ahead.

### **2. Opportunities and threats**

The Real Estate (Regulation & Development) Act, 2016 will impact positively at two levels—first at the micro level of homebuyers, and second at a macro level of the entire real estate sector. It will without doubt make the process of buying much easier, but on a larger scale, they will also have repercussions on the entire real estate sector. The real estate market is largely non-transparent. Most stakeholders operate in their own silos. This is true especially among developers. The absence of a regulator is to a great extent responsible for this plight. With a regulator in place, the sector will be more efficient, prices will be more rationalised and most importantly, the regulator will ensure that malpractices are weeded out well in time. We believe our strengths give us the competitive advantage to position ourselves in new regime. Our strategic objective is to build a sustainable organization that remains relevant to the agenda of our clients, while generating profitable growth for our investors. In order to do this, we will apply the priorities of ‘renew’ and ‘new’ to our own business.

### **3. Outlook, risks and concerns**

This section lists forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these statements as a result of certain factors. Our outlook, risks and concerns are as follows:

- 1) Our revenues and expenses are difficult to predict and can vary significantly from period to period, which could cause our share price to decline.
- 2) The economic environment and pricing pressures could negatively impact our revenues and operating results.
- 3) Any inability to manage our growth could disrupt our business, reduce our profitability and adversely impact our ability to implement our growth strategy.
- 4) Intense competition in the market could affect our revenues.
- 5) Our increasing work with governmental agencies may expose us to additional risks.
- 6) We may be the subject of litigation which, if adversely determined, could harm our business and operating results.
- 7) New and changing corporate governance and public disclosure requirements add uncertainty to our compliance policies and increase our costs of compliance.

### **4. Internal Control Systems and their adequacy**

The Company maintains appropriate systems of internal control, including monitoring procedures,

to ensure that all assets are safeguarded against loss from unauthorized use or disposition. Company policies, guidelines and procedures provide for adequate checks and balances and are meant to ensure that all transactions are authorized, recorded and reported correctly. The internal audit department together with a firm of Chartered Accountants reviews the effectiveness and efficiency of these systems and procedures to ensure that all assets are protected against loss and that the financial and operational information is accurate and complete in all respects. The Audit Committee approves and reviews audit plans for the year based on internal risk assessment. Audits are conducted on an ongoing basis and significant deviations are brought to the notice of the Audit Committee of the Board following which corrective action is recommended for implementation. All these measures facilitate timely detection of any irregularities and early remedial steps with no monetary losses

#### **5. Discussion on Financial Performance with respect to Operational Performance**

Net revenue from other sources is Rs. 29.49/- lakhs over the previous year. The Company has incurred a Profit of Rs. 4.49 lakhs.

#### **6. Material Developments in Human Resources/ Industrial Relations Front, including number of people employed**

There is no material development in human resources and industrial relations are cordial. The Company has employed six people.

#### **7. Cautionary Note**

The statements forming part of the Directors' Report may contain certain forward looking remarks within the meaning of applicable securities laws and regulations. Many factors could cause the actual results, performances or achievements of the Company to be materially different from any future results, performances or achievements that may be expressed or implied by such forward looking statements.
